**N**ow that the Kobe Osaka International Training Camp and World Championships are held abroad, we hold an annual course and grading at home for those club members who are unable to travel. This means that you still have the opportunity to train with other Kobe Osaka clubs and instructors and to meet and make new friends sometimes from other countries. At the course we'll help you improve your kihon, kata and kumite skills and self-defence. There will be a grading after the course for those who are ready for promotion to a higher grade those who pass will receive Sensei Tommy Morris's personal grading certificate to mark the occasion.

There's sure to be a big demand as always, so get your application in now and don't be left out. Sign-up and pay in advance and get the special course participation certificate with your name on it presented at the end of the course, but only if you pay in advance. Join us and have an enjoyable day!

In the interests of child safety and security no spectators are allowed in the training hall during the course. Parents are asked for their understanding. There will be ample opportunity to take photographs at the start and end of the course and at the certificate presentation.
